## HL Paper 3

a. Using located examples, analyse the importance of outsourcing for transnational corporations (TNCs). [10]

b. "International migration is the main reason for the loss of distinctive local cultures." Discuss this statement. [15]

---

a. Using examples, explain the growing need for environmental management at a global scale. [10]

b. Examine how different global flows are affected by the availability of information and communications technology (ICT) and transport. [15]

---

a. Using examples, analyse how global financial flows can be affected by the actions of governments. [10]

b. Discuss why anti-globalization movements/groups are found in most countries. [15]

---

a. Analyse how increased internet use has affected different global financial flows. [10]

b. Examine the growing need for environmental management at a global scale. [15]

---

a. Explain why the increasing needs of some countries for **one or more** raw materials are a cause of environmental concern. [10]

b. "People living in the world's most peripheral regions do not experience a 'shrinking world'." To what extent do you agree with this statement? [15]

---

a. Explain the causes **and** consequences of the international relocation of polluting industries and/or waste disposal. [10]

b. "All societies, wherever they are, enjoy the benefits of a shrinking world." Discuss this statement. [15]

---

a. Analyse the relationship between globalization and the resurgence of nationalism in **one** country you have studied. [10]

b. "Global interactions have made the world a richer place but not a fairer place." Discuss this statement. [15]

---

a. Using examples, explain the strengths and weaknesses of the concept of food miles. [10]

b. "Global interactions are mainly driven by the actions of transnational corporations (TNCs)." Discuss this statement. [15]

---

a. Explain what is meant by cultural imperialism. [10]

b. "Global interactions always lead to positive environmental change." Discuss this statement. [15]

---

a. Analyse the spatial and temporal pattern of adoption of **one or more** branded commodities. [10]

b. "Global interactions have helped reduce disparities between places." Discuss this statement. [15]

---

a. Using examples, explain the factors responsible for the global spread of consumer culture. [10]

b. "National governments cannot control global interactions." Discuss this statement. [15]

---

a. Explain how rising global demand for **one** raw material has led to environmental degradation. [10]

b. "The barriers to global interactions are increasing, not decreasing." Discuss this statement. [15]

---

a. Analyse the increasing influence of **one** multi-governmental organization you have studied. [10]

b. "Global interactions bring negative effects, rather than positive effects, to every part of the world." Discuss this statement. [15]

---

a. Using examples, analyse the benefits of globalized production for local societies. [10]

b. To what extent is environmental sustainability incompatible with the growth of globalization? [15]

---

a. Using one or more examples, analyse the geographic challenges associated with transboundary pollution. [10]

b. Examine how disparities between countries give rise to different global flows. [15]

---

a. Explain what is meant by time–space convergence. [10]

b. “Global interactions result in some form of environmental damage being experienced everywhere.” Discuss this statement. [15]

---

a. Analyse the causes **and** environmental consequences of the international relocation of polluting industries. [10]

b. “Barriers to globalization are no longer falling but are rising instead.” Discuss this statement. [15]

---

a. Referring to **named** countries, analyse how people’s participation in information and communications technology (ICT) networks is changing. [10]

b. Examine how far the social and environmental costs of globalization can be reduced without also losing its benefits. [15]

---

a. Using examples, analyse the concept of “loss of sovereignty”. [10]

b. Examine how economic, technological and political factors may all influence the growth of global diaspora populations. [15]

---

a. Using examples, analyse the role civil societies play in national resistance to global interactions. [10]

b. Examine the ways in which the world’s cities and their societies are becoming increasingly uniform. [15]

---

a. Analyse the consequences of **one** specific transboundary pollution event. [10]

b. "The negative effects of globalization on cultural traits have been overstated." Discuss this statement. [15]

---

a. Explain how agro-industrialization contributes to environmental degradation. [10]

b. "Cultural diffusion is a process that takes place in many ways but can be halted by many barriers." Discuss this statement. [15]

---

a. Explain the role of ICT in the growth of international outsourcing. [10]

b. "Environmental degradation is the inevitable outcome of global economic interactions." Discuss this statement. [15]

---

a. Using examples, distinguish between transboundary pollution and transnational waste movement. [10]

b. "Due to global interactions, there is no longer a global periphery." Discuss this statement. [15]

---

a. Explain why the landscapes of major world cities are becoming increasingly similar. [10]

b. "Global interactions are putting all the world's wealth into the hands of a small number of people and countries." Discuss this statement. [15]

---

a. Explain how global core areas (hubs) can be distinguished from peripheral areas. [10]

b. Examine the geographical consequences of international outsourcing. [15]

---

a. Explain how global interactions can foster environmental awareness. [10]

b. "International interactions always result in the homogenization of culture." Discuss this statement. [15]

---

a. Explain how and why glocalization occurs. [10]

b. Examine the reasons for the resistance to globalization on either the national or local scale. [15]

---

a. Using examples, explain the relationship between transport innovation and reduced friction of distance. [10]

b. "Every country will eventually lose its distinctive national identity as a result of global interactions." Discuss this statement. [15]

---

a. Using examples, analyse the role of global interactions in the growth of environmental awareness. [10]

b. Discuss the reasons for the global diffusion of consumer culture. [15]

---

a. Explain how the actions of world trading organizations and financial institutions (such as the International Monetary Fund) influence global financial flows. [10]

b. Discuss the economic and environmental consequences of more people choosing to buy locally produced food and goods rather than globalized products. [15]

---
